EXIT SURVEY – REPORT 2024-2025

An Exit Survey is conducted to measure the level of Employment and enrollment for Higher Studies. The EXIT survey is conducted every year between 6 months to 1 years after the Graduation. A Survey Questionnaire is circulated among the graduates, who have completed their programme during the Academic year, to collect data on their status after Graduation. The Survey questionnaire contains questions related to their Employment, Higher Studies, and Entrepreneurship details.

- Organisation Employed
- Higher Studies status
- Higher Studies University
- Entrepreneurship status.

This Year the survey was sent to 4103 graduates who completed their degree programme during the academic year 2024-2025. The following Table and Graph shows the status of the students from 6 months to 1 year of their graduation.

EXIT SURVEY 2025				
No. of Students who completed their degree	No. of Students Who are employed in Full Time employment	No. of Students who haveapplied for Higher Studies	No. of Students who areUnemployed	No. of Students Who are unavailable for work
4103	3241	749	101	12

The survey results indicate a strong overall outcome for the graduates, with more than 90% securing employment, reflecting favorable employability and job market alignment. Additionally, 18% of the graduates pursuing higher studies suggests a continued interest in academic and professional advancement. The relatively low unemployment rate of approximately 3% further highlights the effectiveness of the program in preparing graduates for career opportunities or further education.
